The 1st International Workshop on Smart Education in the Age of Generative AI (SEGA) 2025

Calgary, Alberta, Canada
August 18 - 22, 2025
Co-located with IEEE Smart World Congress 2025

CALL FOR PAPERS

General Chairs
Michael Pin-Chuan Lin
Mount Saint Vincent University

Jeeho Ryoo
Fairleigh Dickinson University

Program Chair
Marco Ho
BC Institute of Technology

Francesco Pupo
The University of Calabria

Publicity Chair
Thomas Kin-Fung Chiu
The Chinese University of Hong Kong

Social Media Chair
Gagan Jhajj
Athabasca University

Hongxin Yan
Athabasca University

Advisory Committee
Mohamed Ally
Athabasca University

Jon Dron
Athabasca University

Giancarlo Fortino
The University of Calabria

Oscar Lin
Athabasca University

Phil Winne
Simon Fraser University

Technical Program Committee

Jamal Alsakran
FDU
Jason Bernard
Athabasca University
Thomas Chiu
CUHK
Douglas Clark
University of Calgary
Wenyun Dai
FDU
Ali Dewan
Athabasca University
Sarah Eaton
University of Calgary
Glen Farrelly
Athabasca University
Maurizio Gabbrielli
University of Bologna
Sabine Graf
Athabasca University
Stella George
Athabasca University
Dongkun Han
CUHK
Bob Heller
Athabasca University
Leon Lei
CityUHK
Xing Liu
KPU
Lukas Liu
HKU

Yaoqing Liu
FDU
Zhiwei Mao
FDU
Zahia Marzouk
KPU
Marina Milner-Bolotin
UBC
Salma Noor
FDU
Rita Orji
Dalhousie University
Fred Popowich
SFU
Frank Rudzicz
Dalhousie University
Claudio Savaglio
The University of Calabria
Angela Siegel
Dalhousie University
Qing Tan
Athabasca University
Avimanyou Vatsa
FDU
Nicholas Vincent
SFU
Johan Woodworth
MSVU
Xiaokun Zhang
Athabasca University

IMPORTANT DATES

Submission Deadline: May 10, 2025
Acceptance Notification: June 15, 2025
Camera-Ready: June 30, 2025

This workshop seeks to bridge innovation and responsibility in AI-enhanced education by uniting researchers, educators, and technologists. It will explore a range of Machine Learning (ML) and Artificial Intelligence (AI) methodologies—including generative AI, reinforcement learning, supervised and unsupervised learning, and user-centered design—to address challenges such as content quality, ethical alignment, and adaptive learning systems. Participants will examine strategies to optimize AI- and ML-generated educational materials, enhance human-AI interaction frameworks, and implement personalized learning pathways. Submissions employing computational, empirical, or design-based approaches are welcome. The workshop particularly encourages interdisciplinary contributions that advance both efficacy and equity in education.

Key Topics:
• Technical Challenges in AI- and ML-Driven Education
• Methodologies and Tools (e.g., RL, LLMs, supervised/unsupervised learning, user-centered design)
• Human-AI Interaction Design
• Ethical and Governance Considerations
• Case Studies and Applications

SEGA 2025 is scheduled as a hybrid meeting. For each accepted paper, one author must register and participate in the workshop. Accepted papers will be published in the IEEE SWC 2025 Proceedings (IEEE CPS).
